

Safety & Health Training for Small Business

## *Safety is Good Business*

Small business owners\* have a unique challenge in accomplishing all that needs to be done to have a profitable, customer focused, safe and healthy business. The Gulf Coast Safety Institute has developed a safety & health training course for small business owners, their managers and human resource personnel to assist them in understanding their rights and responsibilities under the Occupational Safety & Health Act (OSH Act). This course covers information on:

- Which OSHA standards a company must follow
- Who is responsible for employee safety and health on the job
- How to create a safety and health management system that addresses compliance
- How a safety impacts the profitability of a company at any size
- Recordkeeping Overview
- Where to find safety & health resources to assist you and your program.

**Classes will be scheduled at least once per quarter. Contact the Gulf Coast Safety Institute for more information on specific dates of the course. Classes will be held at the Gulf Coast Safety Institute located at 320 South Delaney Street in LaMarque, Texas.**

**To Register:** Contact Bonnie Harrill  
(409) 938-1211 x 365  
bharrill@com.edu

*Class size is limited to 20 people.*

At the end of the course each participant will receive a certificate of completion.

\*OSHA defines a small business as any business with less than 250 employees. This course is offered as part of the Gulf coast Safety Institute's Small Business Alliance with the Occupational Safety & Health Administration (OSHA).
